## TRAVEL-JUNE 25-26

- ◆ Safe & problem free travel for group
- ◆ That the youth would have good attitudes and be sensitive, open to God's leading & capture moments to prepare themselves
- ◆ Safe, smooth and fun time on the road and that we will have times of edifying conversation and community, as well as fun!

## MINISTRY-JUNE 27-JULY 1

- ◆ Good health, calm nerves & no homesickness
- ◆ To begin to think & serve with the hearts of missionaries
- ◆ For students to be engaged & attentive during the training sessions on discipleship and evangelism
- ◆ Boldness from students to share the Gospel & their testimonies
- ◆ That students would take the initiative to serve & reach out to those around us.
- ◆ Focused and clear demonstration of Christ's love through word and action during all ministry
- ◆ For good listening skills as we engage people in spiritual & worldview conversations and interact with other groups
- ◆ Wisdom for SWAT Leaders
- ◆ Good sleep & positive attitudes
- ◆ That the focus of our team be on serving Christ and not on things of this world
- ◆ Servant hearts among team & that we work cohesively & effectively as a team, also that our actions show Christ's love
- ◆ Sensitivity of hearts to the Gospel that is presented
- ◆ ***God would work through us to bring people to a saving and living relationship with Him!***
- ◆ Safe & smooth teamwork & confidence in preparations
- ◆ Good weather & health for our team
- ◆ Team unity & patience, as well as meaningful group times
- ◆ Our "down-times" be refreshing & restful & lasting memories & friendships amongst our team are formed

## TRAVELING HOME JULY 2-4

- ◆ Safe travel & good attitudes at the end of the trip
- ◆ Fun day at Rocky Mountain National Park for the team
- ◆ Healthy transition back to home life
- ◆ That God would continue to grow each student through their experiences on this trip
- ◆ Impactful processing of all that God has done during the trip and that everything learned will last a lifetime
- ◆ That the Godly relationships developed on the trip would be sustained
