Given the aging population within Calvary, we are very much in need of volunteers. An appropriate volunteer is one who has placed his faith in Jesus completely and is submitted to the teaching and leadership of Calvary Bible Church. We commonly handle maintenance type issues, such as cleaning gutters, windows, changing smoke detector batteries, raking, and cleaning. We also tend to the Spiritual needs of those we serve, through prayer.

Some volunteers commit to being at every work day, others are occasional. The time requirement for all levels is roughly 4 hours per month and requires an application as well as a background check.
