

Our church constitution requires members to examine potential candidates as to their worthiness to serve in this God-ordained office. If you have “biblical” reservations regarding the individual below, you are asked to present your concerns in writing to the Governing Board as soon as possible. The elders will investigate these concerns & subsequently withdraw the name if the charges are accurate. If the charges are unfounded or if there are no reservation brought up against the candidate, he is then approved for service.

Please be aware of the fact that the written concerns must also bear the signature/contact info of the person expressing the concern for any follow up.
